

main.c

Share

Run

Output

```
1  #include <stdio.h>
2  int square(int a)
3  {
4      return a*a;
5  }
6  int main()
7  {
8      int result=square(5);
9      printf("hello jyothi 1\n");
10     printf("square is  ;%d",result);
11
12 }
13
```

hello jyothi 1
square is ;25
